Resume

1. ****Performance****: Our website scored a total of 63 out of 100 points in this category. This means there is room for improvement to

make the site load faster, which can enhance user experience and engagement. 2. ****Accessibility****: The site received a good score of 95 out of 100 for accessibility. This indicates that our website is generally easy to use by people with different abilities, including those using assistive technologies. 3. ****SEO (Search Engine Optimization)****: Our website scored 63 out of 100 points in SEO. This means there are opportunities to optimize the site's content and structure to improve its visibility in search engine results, which can help more people find us online. 4. ****Best Practices****: The website follows most of the best web development practices, earning a high score of 96 out of 100. This suggests that our website is built using modern and efficient techniques, which can contribute to better performance, accessibility, and SEO.
